

# 3. Raising awareness and training

## What we said we would do

Raise awareness of autism

Map training in the public sector

Support a range of training in the public sector

Encourage frontline services to become autism friendly

## What we did

North Yorkshire County Council adult services are accredited by The National Autistic Society

New online autism awareness training for North Yorkshire County Council

TEWV mental health trust autism framework - includes role specific training options

Developed continued professional development opportunities for health and social care professionals working with autistic children and young people

Set up the Autism Education Trust training hub for supporting young people aged 16 and over

Held activities for Autism Awareness Week

## What we still need to do

Develop a better understanding of the training available across the public sector

Continue to raise awareness of autism
