

Live Well Live Longer Delivery Group

Self advocates have written some plans to help make the Live Well Live Longer strategy happen

The Live Well Live Longer delivery group checks to see how well we are doing with our plans

The Live Well Live Longer delivery group met in February.

We all travelled to York for the meeting even though the weather was cold and snowy.

We checked these plans:

- Annual health checks
- Accessible information
- More people to know about self-advocacy

We think that these plans are nearly finished.

There are a few actions that are still red in the three plans

At the delivery group, we talked about what needed to be done to finish these actions

We're a bit stuck on some actions but we are looking at how to make them easier

The 'Annual Health Checks' plan has 4 red actions

- 2 are for Jonathan to look at
- 1 is for Lynne and Jonathan
- 1 is for the Health Task Group to look at

There are no red actions in the action plan about self-advocacy

There is 1 red action in the 'easy read information' action plan

This was the action to send out the letter about the Accessible Information Standard

Good news! We have sent it out now!
We have sent it to nearly 900 organisations!

We talked about the plans that we want to work on this year

The Health Task Group is going to look at the plan to train health workers

We want to work on the family carers plan a bit differently. Each Local Area Group will have a plan to get more people involved, including family carers

Decision for the Board

Does the Board agree with our ideas about the plans to look at this year?

Social Care and Health are working on the Big Action Plan

Helen Thirkell is doing a different job now

Jonathan Prince and Victoria Marshall will work on the Big Action Plan

They will tell us what they have done at our next meeting

Stamp of approval!

We have also finished lots of actions.

We want to stamp these things as 'approved by the Board'!

- Easy read health action plan survey
- Sharing annual health check flyers
- Easy read checklist
- Watch easy read videos

Any questions?
