

## North Yorkshire Learning Disability Partnership Board – quick-look minutes

|   |  |
|---|--|
|   | <p>These are the quick-look minutes for the North Yorkshire Learning Disability Partnership Board on Friday 29 March 2019.</p> |
|   | <p>We met at the Mencap Goosecroft Centre in Northallerton.</p>  |
|    | <p>The meeting was chaired by Sam Suttar and Jim Martin.</p>   |

### What we talked about

|   |  |
|---|--|
|  | <p>Sam and Jim welcomed everybody. Sam explained the meeting rules and housekeeping. Jim told us about what we will do today.</p> <p>We all congratulated Christopher Porter for winning the Craven Citizen of the Year Award.</p> |
|  | <p>Jim asked everyone if they agree with the minutes from our last meeting. Everybody agreed.</p> <p>Shanna told us what has happened with the action points from the last meeting.</p>  |

Accessible Information Standard

## Live Well, Live Longer Delivery Group update

The Group told us about their meeting in York in February. They talked about action plans for:

- Annual Health Checks
- Accessible information
- More people to know about self-advocacy

Shanna told us the Accessible Information Standard letter has been sent to 900 organisations.

We approved work the Board has finished with our Partnership Board stamp:

- Easy read health action plan survey
- Sharing annual health check flyers
- Easy read checklist
- Watch easy read videos

## Healthwatch North Yorkshire - Claire Canavan, Community Outreach Coordinator

Claire told us about her job for Healthwatch North Yorkshire. She talked about Enter and View which is when they visit services and see what can be better. They would like self-advocates to help. She will make some easy read information about this.

## Transitions for young disabled people – Cara Nimmo, NYCC Head of Care & Support Craven.

Cara talked about new plans to make transitions better. This is when young disabled people move from children's social care to adults' social care.

They will work with young people from 16 years of age so that people can get used to changes slowly over 2 years. This will start in June 2019 and go slowly until 2021 to make sure everyone is happy.

There will be a Transitions board made up of managers, service users and children.

## Partnership Board work plan

Shanna talked about things we will be working on at the Board and in our local groups this year.

1. Getting more people involved with our groups
2. Working together better in our groups
3. Making the Health Task Groups work better
4. Projects, including ways to stay safe

## Updating the logo for the Partnership Board

Jamie asked us to think of ideas to update the logo for the Board. Everyone agreed to discuss this at their local meetings and send ideas by May 2019.

## Self-advocates' feedback from local groups

Shanna told us what happened about our ideas from the last meeting.

We worked in groups to talk about getting the right kind of support.

## North Yorkshire Health Task Group

Mark told us what the Health Task Group has been working on. This includes:

- New Terms of Reference
- NHS 10 Year Plan
- Leaflets about flu jabs
- Hospital passports

## Inclusion North Members Day - Celestino

Cel talked about the Inclusion North meeting in York in January. They did lots of group work about what life looks like if we are getting it right.

They also heard from self advocates who used personal budgets to learn how to dance and watched them dance.

## **North Yorkshire Safe Places: Lesley Dale, NYCC**

Lesley told us about work to make the Safe Places project work better. She said 186 businesses are now Safe Places but there are some issues.

NYCC staff visited Safe Places in Scarborough and Skipton. They found some do not exist and some staff are not sure what Safe Places is.

Lesley and her team are looking at how to increase the number of Safe Places and to increase awareness and understanding of Safe Places.

Before Phase 2 can start we all agreed that phase 1 needed to be right first. They are working to get it right for the beginning of next year.

Lesley asked if self-advocates wanted to help.

## **CQC accessible information working group**

Christopher told us about the work that he has been doing with CQC and other self-advocates to make CQC reports easier to read and understand. Christopher said that they are slowly making improvements. He told us that PhotoSymbols might want self-advocates to model for their photos!

## **Our next meetings**

Our next two Partnership Board meetings are:

- Friday 5<sup>th</sup> July in Scarborough
- Friday 25<sup>th</sup> October in Selby
