HOUSEHOLD EMERGENCY PLAN

Stay **informed**
Have a **plan**
Stay **safe**.

Find out more:
northyorks.gov.uk/nylrf

Make sure you are not in danger. If an emergency happens, dial 999 for instructions.

Generally if the danger is outside:

Go in – find a safe place of shelter

Stay in – until told what to do next

Tune in – check local radio and reputable news channels for information, advice and updates.

If the danger is inside:

Get out, stay out and call emergency services.

Contact all members of your household

Name	Mobile Number

Do children need picking up?
These people can collect children from school.

Name	Mobile Number

If we cannot get home, we can meet or stay at:

Name	Location (near home)	Location (further away)

If it is safe to do so, turn off utilities. If necessary and safe to do so, install and activate protection measures such as flood doors.

If evacuating, collect grab bag and inform your household of the relocation plan.

Grab Bag Checklist

Put together an emergency grab bag in case you are evacuated or stranded in your home.

- ☐ Copy of this plan
- ☐ First aid kit and medication
- ☐ Battery-powered or wind-up torch and radio

- ☐ Map
- ☐ First aid kit
- ☐ Wind up torch and radio
- ☐ Blanket
- ☐ Phone charger
- ☐ Spare batteries
- ☐ Warm spare clothes or waterproofs

Your resilience

- **Know your risks** be informed, be aware, and prepared for incidents that may happen in your area
- **Know your community's emergency alerts and warning systems -**
  - Sign up for flood and weather alerts
  - Know how to turn off utilities

Your family

- **Prepare for your family's needs** medication, medical information, and dietary requirements
- **Use this leaflet** to make a plan in case you're separated
- **Make a grab bag** using the checklist in this leaflet – remember to think about children and pets

Your home and car

- **Make a home escape plan** so you can get out quickly and safely
- Know how to **turn off utilities**
- Test **smoke** and **carbon monoxide detectors**
- Keep **insurance up to date**
- Keep a **car emergency kit**

North Yorkshire Local Resilience Forum (NYLRF)

A partnership of emergency services, councils, health, utilities, and voluntary groups that prepare for, respond to and recover from major incidents across York and North Yorkshire.

By working as a team, we make sure we can respond quickly and recover as soon as possible.

Stay Informed

During an emergency, reliable information is important. Make sure you know where to find updates and information.

Messages will be broadcast on reputable news channels.

Section 1 – Emergency Action Group

Lead and Deputy for Emergency Action Group	
Name	**Address and contact number(s)**
LEAD:	
DEPUTY:	

Contact pyramid

This sets out a quick and efficient method by which to coordinate communications and easily spread information among your community, especially your Emergency Action Group.

The person at the top of the pyramid, usually the lead or deputy, contacts the next two people directly down the pyramid, and so on, until every person in the pyramid has been contacted. Where a person is absent, the person above should move down a level.

NYLRF Situational Awareness App

Help the emergency response

Upload photo reports of incidents in your area

NYLRF Situational Awareness App

Scan this QR code

North Yorkshire is a large, mainly rural area. When incidents happen, particularly those that happen across the region like severe weather, it can be challenging to understand how badly everywhere is affected and the priority areas that need support.

The photo uploader is a simple app which requires no login or personal data.

The photo could be of flooding or damage to infrastructure in your community.

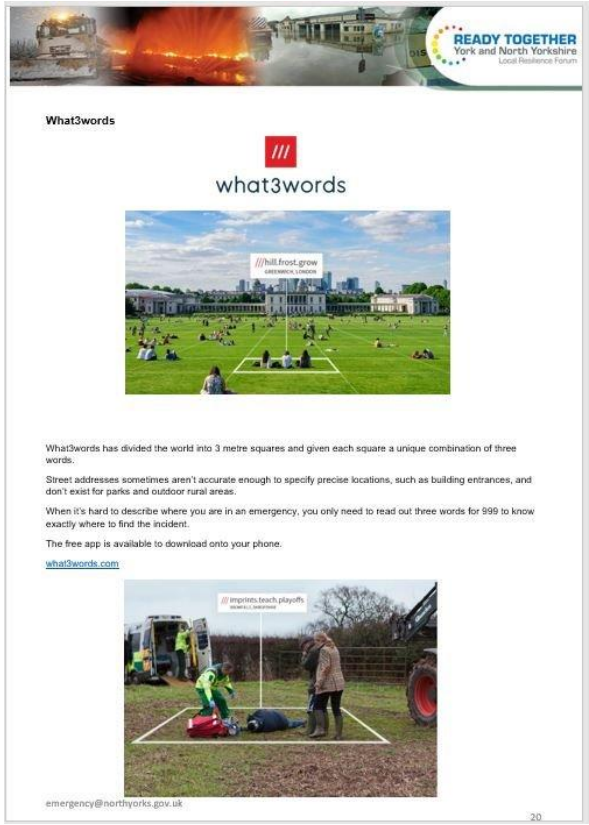

By uploading a photo on a mapped location along with a short description, gives invaluable situational awareness to officers from all emergency response organisations in the control room.

You upload here

So that we can see here

What3words

what3words

What3words has divided the world into 3 metre squares and given each square a unique combination of three words.

Street addresses sometimes aren't accurate enough to specify precise locations, such as building entrances, and don't exist for parks and outdoor rural areas.

When it's hard to describe where you are in an emergency, you only need to read out three words for 999 to know exactly where to find the incident.

The free app is available to download onto your phone.
